

## PRODUCT SPECIFICATION SHEET

### IQF-S BAFFLE BLANKET (NRC 1.05 / STC 12)

Insul-Quilt Baffle Blanket is a great solution where localized echo noise disrupts productivity or comfort. The blanket is generally used with higher ceilings, larger open areas or in spaces with nonlinear ceilings. Our blanket features 100% sound absorption, an R Value = 9, a 50% recyclable content and is certified VOC compliant.

Hang blankets vertically or horizontally from the ceiling or from walls mounting the blanket four or more inches from the ceiling or wall. Blankets can be custom made for your size needs. Stitching the blanket ends and installing grommets for mounting are custom features. Standard colors are white and black. Baffles can be made from decorative cloth which as seen the IQF-G products sheet.

## TECHNICAL INFORMATION
