

PRODUCT SPECIFICATION SHEET

IQ-14 QUILTED SOUND BLOCKER BLANKET (STC 14)

Quilted Blankets stop 14 db of sound while increasing sound absorption. Constructed of heavy-duty UV and FR rated vinyl cloth, on both sides, the blankets are tough.

IQ-14 performs in any outdoor environment including full sunlight, dirty and harsh settings. The blanket reduces sound in noisy areas and is a must to stop unwanted sound. Blankets are cleanable, constructed with all edges sewn, and fitted with grommets for easy attachment and mounting. Blankets can be free hung for sound exposure to both sides and can be used for both exterior and interior applications.

IQ-14

TECHNICAL INFORMATION

Nominal Thickness	1.5" thick
Standard Nominal Width	48" wide
Standard Length	6'-10' long (custom lengths available)
Weight	.33 lbs. per square foot
Flammability	Class B Fire Rated per ASTM E84-18b Flame Spread: 50 · Smoke Density: 85
UV Test	Passed per ASTM G154
